

## Update on Self-Test Modules

28<sup>th</sup> April 2021

Dear Doctor

Thank you for using the RCGP Self-Test Modules as part of your International Induction Programme (IIP), International GP Recruitment Programme (IGPR) or the Return to Practice Programme (RtP), below is a summary of some changes we have made.

1. The question bank has had a detailed full review of all questions and where appropriate or outdated have been revised or removed.
2. The new modules are available from Monday 27<sup>th</sup> of April.
3. There are three fully revised modules, with a hundred questions each, in an identical format to the previous papers.
4. The new **Self-Test modules (ST1-3)** have been re-named as the **“SELF-ASSESSMENT MODULES 2021” (SA1-3)**
5. Twenty-three questions have been fully replaced across the 3 modules and some have been re-edited.
6. The curriculum categories have been revised in line with the new MRCGP curriculum (see attachment).
7. For those doctors already in the schemes the existing three ST modules will remain available for you to continue to complete any unfinished papers.
8. **These need to be completed by Wednesday 30 June 2021 and certificates printed and downloaded before that date.**
9. If you have completed ST Module 1 or 2 or 3 you are not required to re-take that assessment but should complete the next new SA module in the series, you do not have to complete SA1 if you have already completed ST1.
10. If you have completed one or more modules, please save a copy now.
11. If you have any modules that you have not yet started, please move to the new SA modules, and do not start any of the old ST modules (most of the questions will be the same)
12. Unfortunately, the Peer Reference results for the new SA modules will have to be set to zero, until a number of candidates have several completed modules.
13. Please see for the new log in to the IIP [Self-Assessment](#) or RtP [Self-Assessment](#) modules
14. If you have any questions please email [iandr@hee.nhs.uk](mailto:iandr@hee.nhs.uk)

Best wishes
